MONTREAL TO CAMDEN

Take Canadian Inter-State 10 east to Magog and then Inter-State 55 South. When you reach the US boarder the route number changes to Inter-State 91.

Stay on 91 until you reach St. Johnsbury, Vermont. There you will pick up Rt. 2 east. Proceeding east, Rt. 2 follows the scenic Androscoggin River as it flows through the White Mountain National Forest. You will pass through the quaint villages of Gorham, New Hampshire and Bethel, Maine.

Stay on Rt. 2 until you reach the junction with Rt. 17 in the village of East Dixfield. Turn right and follow Rt. 17 through Jay and Livermore Falls. The next big city you will come to is our state Capital, Augusta. With a population of only 22,000 persons. Augusta is certainly not a large city, but it does have a long history (pilgrims landed here in 1625), a fine state Museum and some wonderful old buildings.

Stay on Rt. 17 until you reach the intersection with Rt. 90 in West Rockport. Turn left on 90, head toward Rockport. Six miles from the 90/17 junction you will reach Rt. 1. Turn left again (Rt. 1 North) and drive 2 miles to Camden.

Pass through the center of the village (the harbor will be on your right and Mount Battie on your left) and drive north into the High Street Historic District. The **MAINE STAY INN** is two blocks north of the flashing light at the head of the harbor, on the left side of Rt. 1.

Driving time from Montreal to Camden is about seven hours.-
